BENEFITING WIND YOUTH SERVICES

Your support makes a difference.

WIND Youth Services (WIND) provides comprehensive supportive services to youth ages 12-24 in the Sacramento area who are experiencing homelessness, are at-risk of homelessness, or have been trafficked, abused, or exploited. We provide resources, safety, and security to vulnerable youth, many of whom have limited access to essential supplies they need to stay safe.

WIND provides essential daily support services such as showers, a safe place to sleep, and hot meals. WIND also offers services to help youth become independent and self-sufficient, including employment and educational assistance, transitional housing opportunities, case management services, and much more.

WIND cannot fulfill its mission without its donors. Your donation makes a life-changing difference to youth who have nowhere else to turn.

To sponsor the event, please email: SummerSoiree@WindYouth.org
